Kirchenstraße 9, 67259

Beindersheim, Deutschland

Dear Matthias Raab,

Greetings from Kolping India.

With profound gratitude and great admiration, I extend heartfelt thanks for your commitment and generosity expressed in action through your "Copper for the Cow" campaign, since 2009.

For over 16 years, you have championed this cause with remarkable dedication, not only within your own Kolping Family but also by inspiring the wider community to take part in this noble cause. Please convey our sincere appreciation to the Kolping Families of Dirmstein, Heßheim, and Ramsen, as well as individual donors the Hofmann family, the Pletscher family, Angela Maxein, Richard Ruh, Michael Baldauf, the Motzko family, and the Schütz family, all of whom have contributed to this campaign in recent years.

The donations totalling €16,800 received through Kolping International over these 16 years have empowered 84 Kolping women members in India to purchase and raise milk animals. Your support through "Copper for the Cow" campaign has a broader implication, strengthening not only the family economy but also affirming the dignity of women within their families and society. Each of these 84 beneficiaries represents a story of hope, dignity, and self-reliance.

Thank you for every coin collected, every effort made and every heart moved.

Please find attached some photographs of the beneficiary with the Milk Animal.

Wishing all members of Kolping Family Beindersheim a Joyful Christmas and Blessed New Year.

Best Wishes,

(Dr. Maria Soosai)
National Director
Kolping India.
